

Communication

Date	27 July 2026
Team ID	XXXXXX
Project Name	Credit Card Approval Prediction System
Maximum Marks	1 Mark

Communication Plan:

Effective communication played an important role in the successful development of the Credit Card Approval Prediction System. Regular discussions with the project mentor were conducted to review progress, resolve technical issues, and receive guidance on Machine Learning model development, Flask integration, documentation, GitHub version control, and Render deployment.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp	Kummithi Keerthi Reddy	Discuss project requirements and planning.
2	Progress Update	Weekly	Telegram	Kummithi Keerthi Reddy	Review project progress and receive feedback.
3	Issue / Bug Discussion	As Needed	WhatsApp / VS Code	Aswini Chitreddy	Resolve coding, Flask, Machine Learning, and deployment issues.
4	Stakeholder Review	Bi-Weekly	Telegram	Kummithi Keerthi Reddy	Review and improve project documentation.
5	Final Demo Rehearsal	Once	Google Meet / In Person	Aswini Chitreddy	Verify successful deployment and application functionality.
6	Documentation Review	As Needed	Google Docs / WhatsApp	Aswini Chitreddy	Present the completed project and explain its features.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Integrating the Machine Learning model with the Flask application.	Debugged the backend code and successfully integrated the trained Random Forest model.
2	Deployment issues while hosting the application on Render.	Installed Gunicorn, corrected the deployment configuration, and redeployed the application successfully.
3	Managing project development, documentation, and deployment as an individual project.	Followed a structured development plan, maintained progress using GitHub, and completed each milestone on schedule.
