

Project Demo Planning

Date	6 July 2026
Team ID	XXXXXX
Project Name	Credit Card Approval Prediction System
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the Credit Card Approval Prediction System is presented effectively by covering all key functionalities in a clear and organized manner. This document outlines the project demonstration plan, including the sequence of the demo.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the Credit Card Approval Prediction System, objectives.	2	Kummithi Keerthi Reddy
2	Solution Overview	Explain the system architecture, technologies used.	3	Kummithi Keerthi Reddy
3	Live Loan Prediction Demo	Demonstrate the application by entering applicant details.	5	Aswini Chitreddy
4	Machine Learning & Backend	Explain the Random Forest model, data preprocessing, feature encoding.	3	Aswini Chitreddy
5	Deployment Demonstration	Show the live application hosted on Render.	2	Kummithi Keerthi Reddy
6	Conclusion	Summarize the project and discuss future enhancements.	2	Aswini Chitreddy

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for an intelligent credit card approval prediction system.
2	Solution Overview	Describe the architecture, technologies, and Machine Learning workflow.
3	Live Feature Demonstration	Show the credit card approval prediction process using the live web application.
4	Q&A Session	Answer faculty questions and explain the implementation, Machine Learning model.
